

NGS GAMING MOUSE GMX-120

7 COLORS LED GAMING MOUSE WITH 1200 DPI

NGS GMX-120 is a wired mouse with a 800/1200 DPI optical sensor and LED lighting design for computer games.

It features an ergonomic design created for **ambidextrous** people, so you can enjoy long sessions without getting tired.

Its **medium-sized** design is ideal for use with all types of computers, making it very comfortable to carry on the go.

Made of high-quality materials, it glides smoothly on any surface and features a 1.3 metre cable with USB connector for maximum performance and greater mobility.

The top section features spectacular lighting thanks to the **seven-colour LED**, giving it a real gaming appearance.

The GMX-120 mouse allows for greater precision and control with **two buttons** that can be pressed up to ten million times and a high-speed scroll wheel.
