

MR1033

MediaRange Internal M.2 2280 solid state drive, NVMe PCle 3.1 x4 20 Gb/s, 1TB, black

MediaRange flash storage media are known for their extremely good quality and reliability. Our internal solid state drives are ideal to enhance the performance of hard-drive based client computers and laptops significantly. Latest NAND flash technology and reliable high-performance controllers, allows a much faster and more efficient workflow.

FEATURES

Capacity: 1TB*

Port: M.2

Interface: NVMe PCie 3.1 x4 (20Gb/s)

Controller: SM2263 XT

Flash technology: TLC Nand - Triple Level Cell (Intel B16)

• Form factor: 2280

 Read speed: up to 2200 MB/s* Write speed: up to 1800 MB/s* Total Bytes Written (TBW): 50 TB

• Reliability (MTBF): 1.500.000 hours

Packaging: single blister pack

Color: black

Latest NAND flash technology

High-performance controller with excellent reliability

Minimal power consumption

Soundless operation

Shock-resistant

• Supports HMB, EMC, S.M.A.R.T.

Supports different power states (PS0,PS1,PS2,PS3,PS4)

Dimensions (approx.): 80x x 2.5mm x 22mm

• Net weight (approx.): 8g

2-year limited warranty**

Notes:

This SSD is designed for use in regular client computers and/or laptops, and is not intended for server environments.

*1 GB = 1 billion bytes. Actual capacity of device is less. Device is using up to 10% of physical memory for formatting and other functions. Readand write performance is depending on computer capabilities and file size and may vary from the stated values (e.g. a computer with HDD has a

limited performance which will lower the performance of this device significantly). Device must be connected to a NVMe PCie 3.1 x4 port for

optimal performance results. To improve products performance, the technical specifications of this device may be changed without prior notice.

** 2-year limited warranty or up to reaching the maximum TBW. See spec sheet.

APPLICATIONS

- Ideal performance upgrade for hard-drive based client computers and laptops
- Enhance the performance of client computers and laptops for a faster and more efficient workflow
- This SSD is designed for use in regular client computers and/or laptops, and is not intended for server environments.
