UPDATED

## MATE (2020)

📶 200 ft | 60 m    🔋 Replaceable battery

### Versatile finder for everyday things

*The updated Tile Mate is our everyday Bluetooth tracker; ideal for individuals and families who want a cost-effective and easily-attachable visual reminder when tracking multiple items.*

#### Versatile

No-fuss way to keep track of your stuff. Now with a longer 200 ft. range so it's easier than ever.

#### Everyday

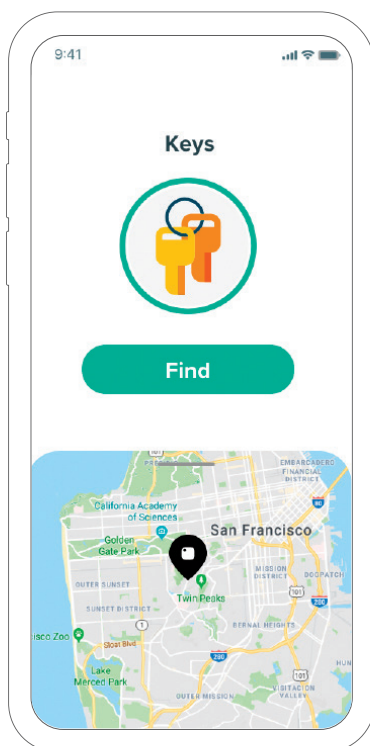

Add them to your favorites so everyone knows they're findable.

#### Family-friendly

Affordable so you can put them on everything.

#### Replaceable Battery

Mate uses a replaceable CR1632 battery which runs for a year with no upkeep, and then is easy to replace yourself.

### How It Works

#### Get started

Download the Tile app and follow the simple in-app instructions to activate your Tile.

#### Ring your things

Use the Tile app to ring your Tile if nearby, or see its location on a map if far away.

#### Find your phone

Double press the Tile button on your Tile to make your phone ring even when it's on silent.

#### Use community find

Get anonymous help finding your Tiles from the Tile community. *The Tile app running on their phones will send location updates to your app, letting only you know where your Tile is.*

#### Sharing

Share your Tiles in the app with family and friends to increase your finding power.

#### Smart home integration

Tiles work with Amazon Alexa and Google Assistant to make finding easier than ever.
