

Philips

Headphones with mic

- 10mm drivers/semi-closed back
- In-ear

SHE9005/00

Perfect fit, precise sound

For your mobile phone with volume control

With a vibration-absorbing metal housing, this SHE9005/00 headset with high performance speaker creates bass fidelity, for true-to-life sound. Uniquely curved design enables perfect fit. Comply™ foam tip for perfect noise isolation.

Benefits

Enjoy quality sound

- Premium metal housing offers accurate sound transmission.
- Perfect in-ear seal blocks exceptional noise
- Exceptional noise isolation for quality sound at low volume

Ultimate wearing comfort

- Uniquely curved design enables easy grip for perfect fit
- Ultra soft memory foam cushions for great comfortable fit
- Ultra-soft silicon caps sit comfortably in your ears

Always ready to go

- Fabric covered cable lasts longer and prevents tangling
- Anti-tangle slider
- Durable Flexi-Grip makes a strong flexible connection

Designed around you

- In-line remote for volume and call control

PHILIPS

Features

Premium metal housing

Housed in superior metal, these earphones are shielded from unnecessary vibration for accurate sound transmission, resulting in smooth bass response and clear mid-to-high range tones.

Precisely tuned acoustics

Perfect in-ear seal of these earphones surprises you with exceptional noise isolation.

For best sound at low volume

You don't have to turn up the volume in noisy places anymore. Angled Acoustic Pipe and the perfectly sealing earbuds cut off background noise significantly, delivering the same quality sound at lower volume and a longer battery life.

Uniquely curved design

A unique curved headphones housing design, enables easy grip and makes it easy to get perfect in ear fit - even on the go.

Soft memory foam cushions

Ultra soft memory foam cushions perfectly shape around the contours for your ears. This gives you the best fit while you hardly feel them.

3-size ultra-soft silicon caps

The 3 sizes of ultra-soft silicon caps of these Philips earphones sit comfortably in your ears without adding pressure to them whilst blocking out unwanted noise.

Specifications

[field not found 'disclaimer_text']

Sound

Acoustic system	Semi-closed
Diaphragm	Mylar dome
Frequency response	7 - 25 000 Hz
Impedance	16 Ohm
Magnet type	Neodymium
Type	Dynamic
Voice coil	CCAW
Sensitivity	108 dB
Speaker diameter	10 mm

Anti-tangle fabric cable

Textile covered cable prevents cable tangling, is very long-lasting and extends the product life.

Anti-tangle slider

When storing your headphones there is a risk that the cables tangle if not stored carefully. This makes it a hassle to store the headphones and get them ready for listening. Simply slide the anti-tangle slider towards the earpieces to keep the two earpiece cables neatly together, and to minimize the risk of the cables tangling.

Flexi-grip design

The soft flexi-grip material that the body of the headphone is sheathed in enhances its performance and extends its durability. It protects the cable connection from damage that otherwise could occur due to repeated bending of the headphone body from frequent contact with the user's fingertips when being put on and removed.

In-line vol and call control

Want to change the volume? Accept or reject a call? The remote features volume and call controls. With this headset control is at your fingertips!

Maximum power input	30 mW
Connectivity	
Connector	3.5 mm stereo
Type of cable	OFC
Cable Connection	two-parallel, symmetric
