A Toshiba EXCERIA™ M302 is the microSD™ card you need if you want to record 4K or Full HD videos on your smartphone, tablet or sports camera. Designed for outdoor usage, the series is waterproof, shockproof and x-ray proof. Because of the fast read-write speeds, you get smooth video recording, quick loading of apps and fast continuous photography. To round out the picture, the EXCERIA™ M302 comes with an SD card adaptor so you can quickly transfer and share your valuable memories.

- 4k4K Full HD recording
- Waterproof
- Shockproof
- UHS-I Interface, Speed Class 3 (U3)
- Use for: cameras, mobile phones, tablets, eBooks
