NOISE CANCELLING

## HA-S95N

Lightweight Headphones with  
**Hybrid Noise Cancelling**

### SUPREME COMFORT WITH INDUSTRY-LEADING LIGHTWEIGHT DESIGN

JVC's hybrid noise-cancelling headphones weigh just 195 grams thanks to their honey-ribbed construction. Combined with ergonomic soft pads and a hanger design, they offer exceptional comfort and a secure fit for all-day wear.

### TECHNICAL SPECS

- ▶ Headphones Type: Hybrid Noise Cancelling Wireless around-ear headphones
- ▶ Bluetooth® Connection: Version 5.3
- ▶ Bluetooth® Output Power: Class 1
- ▶ Bluetooth® Range: Approx. 10 meters
- ▶ Remote and Microphone for Smartphones: Yes
- ▶ Usage: With compatible smart devices, including iPhone/Android phones
- ▶ Headphone Weight: 195 g

### EXCEPTIONAL SILENCE WITH HYBRID NOISE CANCELLING

Immerse yourself in your music with advanced hybrid noise cancelling technology featuring dual microphones, effectively blocking out ambient noise and allowing for an uninterrupted and immersive audio experience, equipped with a convenient Wind Cut mode and Ambient mode.

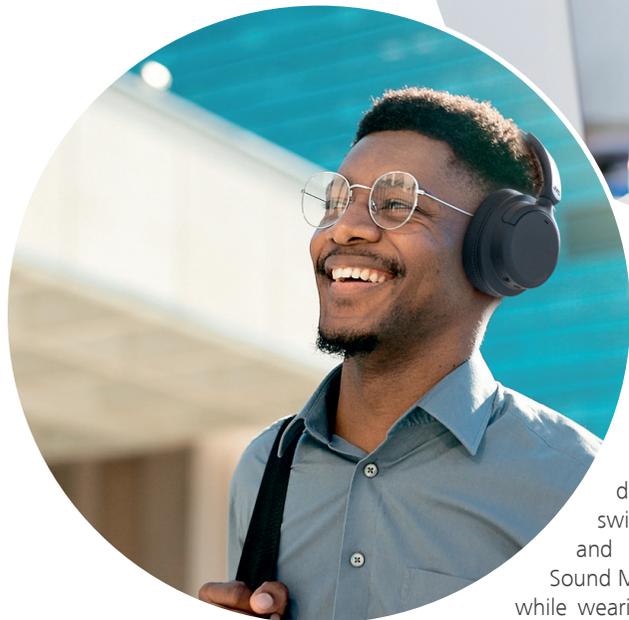

### LONG BATTERY LIFE

Keep the music going – all day long – with a rechargeable battery that offers up to 35 hours of playtime with noise cancelling activated and 50 hours with the noise cancelling OFF. In the unlikely event that you were to run out of power, simply plug the provided detachable cable into your device and you will never be without your music.

## SEAMLESS TELEWORK WITH CRYSTAL-CLEAR VOICE

Enable seamless smartphone control with the integrated remote and microphone, offering convenience at your fingertips and clear voice calls for comfortable telecommuting. Thanks to the Multipoint connection you can switch smoothly and continuously between devices.

## INDULGE IN COMFORT FOR HOURS

The HA-S95N comes with a Wind Cut Mode to reduce noise caused by high winds, enhancing the listening experience outdoors. The soft ear pads and ergonomic design, featuring an adjustable hanger and swivel shaft, contribute to maximum comfort and excellent sound isolation. The Ambient Sound Mode allows you to hear your surroundings while wearing the headphones, ensuring safety and situational awareness.
