*1: This product is labeled based on the flash memory it contains, not the actual memory capacity available for data storage. Part of the capacity is reserved for card functionality.
(For purposes of measuring memory capacity in this context, 1GB = 1,073,741,824 bytes)

*2: 1 MB/s is calculated as 1,000,000 bytes/s. The value is the best value obtained in specific test environment at KIOXIA Corporation and KIOXIA Corporation does not warrant read speed use in individual devices. Read speed may vary depending on user-specifications such as devices used and file size read.

*3: Based on KIOXIA Corporation's test results. The operation in all the situations is not warranted.
KIOXIA Corporation does not warrant any data stored on the product.
