**60 Days* of
Hands-Free Cleaning**

Dust Bag

*According to eufy laboratory data. Duration will vary depending on your home environment and number of pets.

iPath™ Laser Navigation

RoboVac uses advanced LiDAR technology and a Z-shaped cleaning route for accurate and efficient cleaning.

Multi-Floor Mapping

RoboVac automatically recognizes up to 3 levels in your home and saves the custom cleaning preferences for each floor.

Ultra-Strong 3,000 Pa Suction Power

RoboVac effortlessly sucks up debris from hard floors and carpets for a deeper clean.

Electronic Water Tank

Choose a suitable water flow for your floor for a thorough clean and avoid using too much water or leaving water stains.
