

powerstation[®] plus XL

Portable battery with integrated micro USB to Lightning switch-tip cable.
Made for devices with a Lightning or micro USB port.

**SWITCH-TIP
CABLE**

**WIRELESS
INPUT**

**+34 HOURS OF
BATTERY***

SWITCH-TIP CABLE

Works with any device that has
Lightning or micro USB port.

USB CHARGE PORT

The 2.1A USB-A output port can
deliver up to 10W of power to
compatible USB devices.

PREMIUM FABRIC FINISH

Available in multiple colors, the
premium fabric finish looks stylish
and prevents scuffs and scratches.

QI-ENABLED WIRELESS INPUT

Conveniently recharge your battery
without the need to fuss with cables.

Key Selling Points

- Rechargeable 10,000mAh battery delivers up to 34 extra hours for your smartphone.*
- The integrated micro USB to Lightning switch-tip cable works with any device that has Lightning input or micro USB port.
- When not in use, the integrated switch-tip cable tucks conveniently into the side of the powerstation battery, so it's there when you need it and neatly stored when you don't.
- Wirelessly recharge the battery by placing it on any mophie wireless charging pad or Qi-compatible charger.
- Priority+ charging provides power to a charging device first before the powerstation recharges itself.
- The integrated four-light LED battery indicator displays charging status and current battery life.

The next generation of universal power.
