Do more wherever work gets done

C230/C235

xerox™

Meet the Xerox® C230 Colour Printer and Xerox® C235 Colour Multifunction Printer

The future of work demands printers that are reliable, secure and easy to use, especially for small- to medium-sized businesses (SMBs) and remote employees who need technology that works as hard as they do. After all, devices meant to support productivity should add convenience, not complexity.

Perfect for small work teams, home offices and tight spaces, the Xerox® C230 Colour Printer and C235 Colour Multifunction Printer (MFP) deliver unparalleled dependability, performance and economy without the frustration of long, complicated setup.

SETUP IS A SNAP

Get up and running without IT assistance with automated driver installation from the Xerox® Smart Start Software. Couple with simple Wi-Fi installation to connect to your home or company network for fast setup.

HELLO, COLOUR

Enhance your day-to-day communications with vivid colour that makes data easier to visualise, draws attention to key details and adds more value.

QUIET, COMPACT WORKHORSE

Less space, less noise, and more performance with high-resolution output and fast print speeds that keep pace with your workflow. Scanning functionality on the C235 Colour MFP makes it quick and easy to digitise your documents.

PRINT HOW YOU PLEASE

Built in Wi-Fi connectivity and mobile-ready features like Apple AirPrint™, Mopria® Print Service and Mopria® Scan, and Wi-Fi Direct® give you the flexibility to print wirelessly and securely from mobile devices, laptops, Chromebooks or desktops.

INTUITIVE INTELLIGENCE

Xerox® Print Drivers and the Xerox® Print & Scan Experience App provide easy access to the print and scan functionality of your printer, right from your laptop or desktop. Save time with one-touch convenience that allows you to configure print settings and set up common print jobs in a single click. Similarly, complex scan tasks such as auto-straighten, auto-cropping images and receipt scanning have never been simpler or faster.

SECURITY MADE SIMPLE

Comprehensive security features protect against rising and increasingly sophisticated cyber threats by safeguarding access and protecting sensitive data and documents.

MORE UPTIME, LOWER COSTS, LESS WASTE

Designed to deliver day-in, day-out dependability, the C230 Colour Printer and C235 Colour Multifunction Printer deliver economical running costs with the choice of standard or high-yield toners.

Achieving EPEAT certification means these products meet comprehensive criteria for design, production, energy use and recycling. And our Green World Alliance programme offers hassle-free toner cartridge recycling.[3]

Expand capabilities with the Xerox® C235 Colour Multifunction Printer.

When you need to scan documents to share with colleagues, make copies or send a fax, the C235 does it all. The all-in-one device delivers functionality beyond print – without the extra expense or desk space of additional devices.

**DO MORE WITH XEROX® WORKFLOW CENTRAL PLATFORM**

Small and mighty, there's little the Xerox® C235 multifunction printer can't do. Print, copy, scan and fax – of course.

But how about being able to:

- Convert your documents into other languages
- Change handwritten notes into shareable, editable documents
- Create audio files of your reports to listen to in the car
- Automatically redact content for confidentiality
- Convert scans into Microsoft Office formats
- Summarise long documents for quicker reading

Plus, access advanced capabilities such as combination workflows and seamless file routing to cloud repositories.
