

ELEMENT PORTABLE SSD

Android OTG · iOS ProRes 4K 60FPS recording · Magnet mount

Element Portable SSD features a USB 3.2 Type-C interface, delivering up to 2,000 MB/s data rates; two metal stickers, so you can easily attach it to your phone or PC. It also supports ProRes direct recording on the iPhone 15 Pro and Pro Max.

Product highlights:

-  Magnet mount to phone and PC
-  Free up clutter – just snap it on
-  Up to 20 Gbps+ with USB 3.2 interface
-  Slim & sleek 69.8mm x 45mm x 8mm
-  Lightweight 1.6oz (45g)
-  USB-C & USB-A cable
-  Metal sticker 2 pcs
-  5 Years Warranty

BLAZING FAST TRANSFER
Up to 20 Gbps when connected to a USB 3.2 Gen 2 x2 interface via a USB Type-C to Type-C cable.

SLIM & SLEEK DESIGN
Smaller than a credit card and slimmer than the iPhone 15 Pro – perfect for on the go.

MAGNET MOUNT
With metal stickers, you can easily attach the Element Portable SSD to your phone and PC.

4K 60FPS RECORDING
Supports direct recording of 4K 60fps ProRes videos on iPhone 15 Pro and Pro Max.

UP TO 4TB STORAGE
With capacities ranging from 1TB to 4TB, you can keep all your large files safely stored.

COMPATIBILITY
Compatible with Windows, macOS, Android OTG devices, gaming consoles, video cameras and more.
