### A whole new viewing experience

Enjoy a more immersive and uninterrupted visual experience with the new Super AMOLED Infinity-O display and the fully integrated selfie camera. The impressively clean, new look lets you enjoy more and scroll less.

### Versatile quad rear cameras

The new refined quad camera is designed to capture the best shot in any situation. The new main camera shoots clearer, brighter photos at any time and it's super steady as an action cam. The new added Macro lens is designed for detailed close-up shots and natural blur effects. The ultra wide camera captures amazing panoramas with 123° as seen by your eyes and, thanks to the depth camera, you can take LiveFocus shots that make the subject stand out.

### Large battery and security

The new A51 and A71 feature a large battery that lets you enjoy your phone for longer. When your battery power is low, its super fast charging technology quickly recharges your phone 100 %.

The fingerprint sensor is integrated into the display. To unlock the device, simply press your finger on the screen and voilà, the phone is already unlocked. You can also still use facial recognition, PIN or password.
