FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Information

The device has been evaluated to meet general RF exposure requirement. The device can be used in 0mm exposure condition, compliance with exposure requirements.

Specifications

Name: Mibro Watch C3

Model: XPAW014

Size: 47X39.5X11.8mm

Operational Frequency: 2400-2483.5MHz

signal transmission: ≤20dBm

Battery capacity: 350mAh

Nominal voltage: 3.8V

Charging cut-off voltage: 4.35V

Input: 5V---1A Max.

FCC ID: 2BAYW-XPAW014

Operation Frequency Range(MHz):2402-2480

Max.RF Output Power(EIRP)(dBm):4.57(BT)

MaxRF Output Power(EIRP)(dBm):~0.45(BLE)

Compatible with: Android 5.0 or iOS 10.0 and above
